

# Timing Belt Service Kit

## Complete kit for timing belt replacement and service

### Timing Gear Holder

- Securely holds the timing gear during removal or installation
- Prevents timing gear movement while the retaining bolt is removed
- Allows rotation of cam gear to align valve timing marks
- Single lever locking design is easy to use
- Slimline design allows maximum access
- Universal. The timing gear holder is adjustable to suit gear diameters from 4.5" (115mm) to 6.5" (165mm)

### Single CamClamps

- Single CamClamps lock each gear individually during timing belt replacement
- Holds valve timing during belt replacement
- Compact size allows use in confined engine compartments
- Easy to use – installs in seconds
